Amazing book whether you like food or not! This is about what makes people and in this case 50 of the world's top chefs tick!I recommend everybody that loves life to read this book.Not sure what inspires you in life? Read this book for some ideas.This book is a journey through top chefs about what's really important in life for all of us.

i don’t know how ms. dunea did it, but she managed to make another EXQUISITE book on this clever concept. her photos all reflect the personality of the subject with creativity and a whimsical feeling; the selection of chefs is wonderful; recipes interesting (and work!) ; and, of course, quality of the book excellent. a MUST for the coffee table and the holiday gift list!

I love portraits and I love food. I also loved the interview questions which revealed what chefs valued in foods and in their lives. The portraits were wonderfully imaginative and well composed. A perfect coffee table book.

I purchased this book after seeing the author on TV discussing the concept and recipes with some celebrity chefs featured in the book. I knew I had to run out and get a copy. Its a truly amazing book and a must have for any foodie! I have since bought several copies to give as holiday gifts to friends and fellow food lovers this year! Not only do we get a glimpse inside the world of all these amazing chefs but the recipes are fabulous and the photography stunning.This book is a must have and I highly suggest it to anyone who enjoys all things food.

This is a large book, worthy of any coffee table! It should be left out as you can pick it up, flip it open anywhere and enjoy the great photos and text. It was quite an education , as these are true "foodies" who live on a different gastronomical planet than myself. Entertaining to say the least and a worthwhile addition to your library.

This is a second in a series. I think I like the first one a bit better...its also called My Last Supper.Just a wonderful book in a million ways. I’ve given many as gifts. Great meditation on food, life, celebration, recipes, death, mortality, etc. Well written, amazing photographs, a few interesting recipes as well.

I couldn’t be more thrilled that Melanie Dunea has come out with a follow up to "My Last Supper". "The Next Course" is definitely an upgrade - the worlds best chefs, delicious recipes, and stunning photographs make for just a fabulous book. My coffee table has never looked better than with both books displayed side by side. Whether you’re a food fan, a photography fan, or just a fan of beautifully designed books, this book will not disappoint. Can’t wait to give this as my go-to gift for the holidays.

This book has stunning portraits of your favorite chefs! A masterpiece! You will learn so much about the greatest chefs of the food world. A must have for any foodie in your life. Melanie Dunea has a unique gift of getting into the minds of top culinary experts, and gets them to open up like never before! This is a perfect present... lovely gift for the holidays too!
