Customer Reviews

fast delivery and exactly the book I needed, Only disappointing that the description of new with some markings turned out to be a fully written on every page book. I only pulled it off by copying the book into a spiral notebook to turn in for class.

Wonderful Study guide. I bought it for my girlfriend and it really helped her study for the board exams.

it has essential questions from the book. you don't need to memo averythisng , it just gets to the impostant stuff you need to pay attention to in the manual.

This book repeats it's self a lot and sometimes sentences aren't complete, make sense, or spelled correctly. I think the person who wrote this text book needs to make it easier to understand without having to dumb it down and know how to us proper grammar before trying to sell there text book to

new esthetic students.

This workbook makes one study well it is very organized! The only think I do not like it does not come with answers!!!

The book arrived in excellent condition. This is the best book with great colors and lots of detail. Thank you

Great product. Would buy from again thank you!!

Almost half the book was completely filled in with neon pink pen. This makes the workbook pointless. The FAQs stating there would be minimal writing. This is very excessive. Will be returning.
