Customer Reviews

it breaks down the chapters and it is a recent book. but to be honest I still think the Kettering is more helpful

Help me a lot.

The renter was great but the actual book content was horrible. It was not helpful at all.

The book is good, it can improve by providing more sample CRT and RRT practice exams.

Just what I need to pass the boards

Just what I needed, thank you!

Great book. Fast shipping.

As expected!
