# Workbook For Mosby's Respiratory Care Equipment, 9e

## Synopsis

Prepare yourself for success in the classroom and the clinical setting with the Workbook for Mosby's Respiratory Care Equipment, 9th Edition. This versatile workbook is specifically designed to clearly and concisely reinforce the most clinically relevant information presented in the text. Featuring a wide variety of exercises ranging from crosswords and case studies to NBRC-style multiple-choice questions, this workbook will provide focus and improve your study time. Matching, labeling, short answer, crosswords, calculations, and case study exercises reinforce the most clinically relevant information in the textbook. The wide variety of exercises gives you several ways to assess your knowledge and identify the areas where more practice is needed. Critical thinking questions help you apply and analyze content learned from the text. NBRC-style questions prepare you for what you will encounter when taking the NBRC credentialing exam. Learning objectives reflect the same objectives from the textbook and reinforce the basic concepts to be learned from each chapter. NEW! Additional exercises further prepare you for the NBRC credentialing exam.
