Harry Potter: The Creature Vault: The Creatures And Plants Of The Harry Potter Films

Synopsis

Dementors and House-elves, merpeople and Chinese Fireball Dragonsâ”these are just a few of the magical creatures and frightening monsters populating J. K. Rowling's wizarding world. Harry Potter: The Creature Vault is a fascinating look at how this menagerie was brought to life for the blockbuster Harry Potter film series. Detailed profiles of each creature include rare concept illustrations, behind-the-scenes photography, and filmmaking secrets from the Warner Bros. archive. A removable poster picturing each of the creatures and an interactive Eeylops Owl Emporium catalog complete this must-have package.

Customer Reviews

As a Harry Potter fan, I have quite a few companion books. The largest in my collection is Harry Potter Page to Screen: The Complete Filmmaking Journey. Right after I bought Page to Screen, I discovered there was a collector's edition that included several other books. I did not get the collector's edition since I already have the main book, but I've always longed to see those additional books. Harry Potter: The Creature Vault is actually the expanded version of the The Creature Shop Compendium book that is part of Harry Potter Page to Screen Collector's Edition. This new edition has a makeover and now sports a purple coloured embossed cover. The page count has increased to 208. It's a beautiful looking compendium. This book looks at all the creatures and magical plants that have appeared in the movie series. It's packed with creature designs, concept art, film stills and photos from behind the scenes which shows how the crew build the animatronics, maquettes, sculptures and life-size models such as the Basilisk or the dragons. Concept art for the creatures

comes in the form of sketches, watercolours and digital paintings. Bulk of the book consists the artworks with accompanying text. A few pictures were reused from Page to Screen but not a big issue. Below's the list of chapters that group the creatures according to their type: 1. Forest Dwellers - Centaur, Unicorn, Acromantula, Hippogriff, Thestral 2.

The 'Harry Potter: The Creature Vault'; 'The Creatures and Plants of the Harry Potter Films' by Insight Editions and published by Harper Design clocks in at 208 pages. This purple, slightly embossed book (no ribbon) is a wonderful addition to your 'Harry Potter Page to Screen: The Complete Filmmaking Journey Collector's Edition' collection and is quite reminiscent to the look and feel of 'A Guide to the Graphic Arts Department' (minus the orange). This thoroughly expanded book contains a new introduction, fully fledged descriptions, two to four times the amount of pictures per creature/plant, and what makes this special is that a majority of the pictures are new to this volume ... so minus the concept and organization, it is entirely new. As a bonus, the book comes with a small Eeylops Owl Emporium pamphlet and a pull-out Bestiary Poster of 16 creatures. Intro (pg9) Chapter I Forest Dwellers (pg13) Chapter II Lake Dwellers (pg45) Chapter III Sky Dwellers (pg59) Chapter IV Trespassers (pg87) Chapter V Shape-Shifters (pg101) Chapter VI The Working World (pg119) Chapter VII Dark Forces (pg141) Chapter VIII Companions (pg163) Chapter IX The Greenhouse (pg189) In comparison, 'The Creature Shop Compendium'; 'Flora and Fauna from the Harry Potter Films' by Insight Editions and published by Publishing found in the 'Harry Potter Page to Screen: The Complete Filmmaking Journey Collector's Edition' clocks in at only 128 pages. The green embossed, faux-leather book (with ribbon) has beautiful bounding, and although the page count, descriptions and images are far less for this edition, it does come with completely different pictures.
