Customer Reviews

This is a great reference for interviews given by insurance companies, because the book explains a lot of basic and complicated insurance terms in simple English. Even if you do not have an actuarial background, you can still easily understand those insurance terms written in the book. What a nice purchase on !

Very basic terms within a far from complete collection of Insurance terms. The book is in large print, which invalidated my assumption of the extent of content when I decided to purchase this over two others.

This was shipped really fast. The book is great. I was more looking for a book that had insurance abbreviations and unfortunately this book does not. However the book is a very helpful tool and I would recommend it for anyone!!!

This is book (THE COMPLETE DICTIONARY OF INSURANCE TERMS) is explained simply and easy to understand. I have found it helpful for my job position. Thank you for offering it.

Worth buying if your selling insurance. It has given me the confidence I need to talk to my clients. Thanks, R.R.

Having downloaded to my kindle fire knowledge is easily access alb and a must while going through the required study materials, written to "anyone's level " of comprehension!

The book is well written, the online version however lacks user friendliness.

Very Basic Dictionary. I was hoping for more insurance terms.
