# The Essential Guide For Study Abroad In The United Kingdom

## Synopsis

Every year, thousands of students participate in study abroad programs located in the United Kingdom. In this book, Holly Carter provides a guide to help ease the mystery, confusion, and frustration associated with studying abroad. Designed for student use, this book contains pre-departure information, tips for students in the first two weeks, advice for studying and living in the U.K., and information about returning home and readjusting.

[Specialty Travel > Students](#) #44553 in [Books > Education & Teaching > Higher & Continuing Education](#) #56164 in [Books > Education & Teaching > Schools & Teaching > Education Theory](#)

## Customer Reviews

I bought this book as a last minute purchase - I wish I had bought it earlier as it included a lot of information in selecting a place to study overseas, plus a lot on how to pack, what to take and a really good overview of the university system in Britain. I took the book with me and it was in daily use in the first few weeks as me and my new friends tried to figure out how to open bank accounts, where to go shopping, how to phone home - all those things you never expect to be different in a country that speaks the "same" language - but where things are just done differently. It really helped me settle in much faster and get more out of the experience - even suggesting what to expect on your return home. I would certainly recommend this book to anyone going on study abroad to Britain.
