# Dog Training: A Step-by-Step Guide To Leash Training, Crate Training, Potty Training, Obedience And Behavior Training

## Synopsis

A dog brings joy and excitement to your life. Once you add this bundle of energetic fur to your family, you'll find you have extra reasons to be playful. On the other hand, dogs have animal instincts and natural tendencies, some of which need to be repressed. Your dog needs to learn how to behave, and he will be counting on you to show him how to live in the world. This book features the best methods and step-by-step instructions on how to train a dog. You will learn: Leash training  
Crate and potty training  
Five obedience commands every dog should know  
How to stop destructive behaviors  
Effective dog training tips  
And much more!  
Training a dog needs consistency and patience. If you use the methods in this guide, you will enjoy a hassle-free lifetime with your new best friend. Download your copy of Dog Training now!

## Customer Reviews

Excellent! It is a nice book, which enlightens one on how training can provide a long lasting, loving relationship between an individual and his dog. It also shows tips and guides on how to groom your dog to be well cultured. Really worth reading book!

I wanted to have a dog as an addition to our family, I find now the extra reasons to be playful with them and ready to have one. On the other hand, dogs have animal instincts and natural tendencies, some of which need to be repressed. Our dog needs to learn how to behave, and he will be counting on you to show him how to live in the world. This is advisable before you acquire one for yourself or for the whole family as your companion.

This book has been helping me to train my new puppy. The book contains step-by step and methods of how to train your dog. One of the best chapters is the potty training chapter. We all know it's really hard and the tips helped me (and are still helping!) a lot. Other chapter that I liked a lot is the chapter about obedience, my puppy already knows how to sit, lie down and he isn't barking a lot now. If you have a puppy, I recommend this book.

My husband and I really love dogs since they bring joy in our family. I find this book very interesting for it features steps and strategies how to train dogs. Not only that, it also contains suggestions on how to stop their destructive behaviors.

Soon helpful with training our new puppy!!!
