Race And Races: Cases And Resources For A Diverse America 3d (American Casebook Series)

Synopsis

This casebook presents interdisciplinary, critical perspectives on race and racism and covers the roles of law and history in shaping the meanings of race in the United States. Updates the second edition with new material on: President Obama's election and "post-racialism"; important studies of implicit bias; the Voting Rights Act and allegedly race-neutral restrictions on voting; recurring violence against and harassment of Latino immigrants; book-banning in Arizona; and demographic changes and their implications. Includes new cases such as *Shelby County v. Holder* and *Schuette v. Coalition to Defend Affirmative Action*, current statistics, and updated references. Features rich historical treatment of major racialized groups in the United States: African Americans, Indians, Latinos/Latinas, Asian Americans, and Whites. Contains chapters on differing implications of enslavement, conquest, colonization, and immigration, as well as on equality, education, freedom of expression, family and sexuality, stereotyping, and crime.

Customer Reviews

This law textbook is highly complex and well researched, yet is easily adaptable to an upper-division undergraduate level. It provides not only great analysis of pivotal legal cases, but ties in historical treaties, the non-legal writings of "founding fathers", and a great collection of analysis related to the racial implications of the American legal system. It also includes analysis of recent legal developments such as *Shelby County v. Holder* and the legal implications of a "post-racial" America.
