# Before The College Audition: A Guide For Creating Your List Of Acting And Musical Theatre Undergraduate Programs

## Synopsis

Please note: Over the course of a year, we interviewed as many Reach, Match and Safety programs throughout the US as possible. Not EVERY deserving program is included due to many reasons (lack of response, not receiving their interview on time, etc.) Our intent is to publish a second edition with double the amount of interviews. For our first edition, we feel very lucky to have the schools we have and hope you enjoy reading extensive interviews from more than a handful of schools on your list! Additionally, we hope you are able to flush out a performing arts college list with Reaches, Matches and Safeties and discover some new exciting schools by the end of reading this book. If you would like to see the full list of schools before purchasing, don't hesitate to head to our website to see the full list (plus snippets of interviews!):

## Customer Reviews

I REALLY wanted to like this book Chelsea, but honestly this book did NOT add to my previous research. You missed ALOT of schools that go to Unified Auditions, such as Evansville in Indiana ( a top theatre college listed in many top school recommendations) and you also literally skipped over states, such as University of Oklahoma in Oklahomoa, another top rated theatre school... Im sorry but I wouldn't recommend this book either. I expected a well researched book and this sadly wasn't it.

Oh how I wish I had this book when I was looking for colleges! If you are interested in applying for college theatre programs- you NEED this book.It's everything you could ever ask for. Interviews with top programs, detailed information about EXACTLY what each school is looking for... There isn't another book like it! Get it now!

Thorough overview of Musical Theater and Acting programs for incoming majors! I just got this book today and I am really impressed by how thorough the text is for programs throughout the US. It was great to see questions and answers with some of these schools too, because it helps not to 'second guess' what they want to see for each audition.I would definitely recommend this book to any high school student considering musical theater or drama to get them ready for their college auditions. There isn't any text like this out there (that I've found) so I would definitely grab this if you know someone who needs this. Every high school drama and music teacher should own this book.

This book is fantastic! It was easy to use, with tons of detailed information about various different programs. I found out what my dream school was, and a few other options to apply to as well!

A fantastic resource for any student looking at BFA or BA programs. Really pleased with this book.
