Conversations In Complementary And Alternative Medicine: Insights And Perspectives From Leading Practitioners

Synopsis

Based on 27 interviews with top experts in complementary and alternative medicine (CAM), this text covers the following CAM modalities: acupuncture, chiropractic, massage therapy, and herbal medicine. Each of the authors identifies and answers the most often asked questions in their particular CAM specialty, providing readers with evidence-based practice and extensive resources (such as books and web sites) that can assist in answering furthering CAM studies. The text also covers issues related to ethics, culture, education, and research.

Customer Reviews

I have not taken the class for this text so at this time I have not gotten to know the content of the book just yet.

The product came quick and in excellent condition. It isn't something I would read on a typical day, but it was a requirement for school.
