Caring For Older Adults Holistically 5e

Synopsis

Be prepared to meet the growing demand for nurses with the knowledge and skills to provide quality care to older adults. Mary Ann Anderson's easy-to-understand writing and positive outlook continue to enliven every page of this popular resource! Completely updated and fully revised throughout, the 5th Edition features coverage of the field's hottest topics, including a new chapter on transitions and new coverage of gerotranscendence. There are also new interactive exercises for students online at DavisPlus that make learning and studying easier.

Customer Reviews

I bought this book used and everytime I opened the book or flipped the page it smelled like an ash tray of cigarettes.. it was pretty gross & distracting. Thankfully the class I needed it for was only 4 weeks long.

The book was in GREAT shape! I only paid \$8.00 and I was expecting some wear and tear but it was barely used. It had no damage, writing, or highlighting. I was very pleased with the book.

I was an ok book, I wish it gave a little more info.

Worked well for the class I took.

Good book and very helpful.

The book wasn't in as good a shape I thought it would be in... The binding of the book was broken but the rest of the book is in ok shape

great item, quick ship!

easy to read --
