For fans of Wallace and Gromit, Feng Sean's title displays the same rye wit and humor of the three Wallace and Gromit adventures. If you read the book the title is the last time you will see such wit or humor. The text is life lessons from Hallmark, on a bad day. Banal and trite best describe the writing. All you will get from this book are photographs from the adventures. Better to buy Wallace and Gromit on DVD to replace you worn-out VHS tape.

Shaun has some pretty good advice for a sheep! While this little book is humorous the advice is down to earth and practical. Nothing you don't already know but things that we all need reminding of once in a while. My only complaint was that the book was much smaller than I imagined. It's only a 5 minute read and is more of a cute novelty than anything else. Still, as a big fan of Wallace and Gromit I'm happy to have Shaun the sheep right there next to all the other motivational books on my shelf!

The barnyard Buddha Shaun the sheep lets us all in on how to handle modern life and its stresses. Everything from how to dress and eat to keeping it COOL is here. A tiny book with a sly and gracious sense of humor that will delight adults as well as children. I gave it as a gift to a young man I

just met who kindly helped me out in my garden. He was delighted! hope you will be too

This book is really cute and I think any and all Shaun fans should add this to their library. The only "down" side, for me, is that it is based on the Wallace and Gromit movie, "A Close Shave" rather than on the Shaun the Sheep show. I would have loved having pictures in this book with Shirley, Timmy and the Flock. Still, it is an adorable book with short (and useful) tips for finding your Inner Sheep.... uh, I mean your Inner Peace.
